

# Staying on Track

2019 ANNUAL REPORT

## LETTER FROM THE PRESIDENT

# *If you build it...*

I have read that between Austria and Italy, there is a section of the Alps called the Semmering. It is an impossibly steep, very high part of the mountains. Between 1848 and 1854 they built a train track over these Alps to connect Vienna and Venice. They built these tracks even before there was a train in existence that could make the trip. They built it because they knew some day, the train would come.

Imagine what that conversation must have been like! People who understood the vision and inspiration of all that the scenic rail travel would bring and then those who said it could never be or should never be done. And yet, the very building of the tracks led to gigantic improvements in train engines and engineering and economic growth. The tracks are still in use today, some 160 plus years after creation and the structure is still regarded as one of the most harmonious blending's of nature and technology.

As a Community Foundation, our work is very similar to those who envisioned the Semmering Railway. We are constantly working with our community partners, neighbors, and friends to make a better community for the future. That work leads to funding for important projects today like the Raptor School Security Systems, a wheelchair accessible playground for Camelot, and refrigeration equipment for the Emmaus Food Pantry. It also keeps us on track and focused on the needs of Cass County to provide resources now and in the next decade, century, and beyond.

What will our community look like in ten years? Twenty years? Fifty years? We do not have a crystal ball, but we do know that the work we are doing today will be the fuel for a better tomorrow filled with innovation, inspiration, and hope.

A handwritten signature in black ink that reads "Deanna Crispin".

# ED JOHNSON SCHOLARSHIP

**E**d Johnson began serving the City Of Logansport on the Police Department on July 21, 1978 when he was 25 years old. He proudly served the City for 26 years retiring on July 23, 2004. After his retirement, Ed continued his law enforcement career by serving part time with the Cass County Sheriff's Department as a Security Office at the Cass County Courthouse. While working full time on the Police Department, Ed returned to school earning an Associate's and Bachelor's Degree from

Indiana University in Criminal Justice. While he loved being a police officer, Ed also knew the importance of

continuing his education and graduating from college.

Ed, sadly, passed away on January 10, 2019. To honor his memory, his wife and son have established the Ed Johnson Memorial Law Enforcement Scholarship. This scholarship is to be awarded to a graduating high school senior residing in Cass County who plan to attend four year college obtaining a Bachelor's Degree and pursuing a career in law enforcement.

*The Ed Johnson Family*

# HALEY MARIE BEGLEY MEMORIAL SCHOLARSHIP

**H**aley Marie Begley was a senior at Lewis Cass High School when her life was tragically taken in a car accident. Haley was planning to enlist in the United States Air Force following graduation in 2019. She was a member of the Lewis Cass Girls Cross Country, Basketball and Softball teams. Haley was active in FFA, SADD and the Art Club at Lewis Cass.

The family and friends of Haley Marie Begley established this scholarship to honor Haley's sweet, loving, and free spirit. Haley's

passion for camaraderie and competition goes unmatched. Her spirit, passion, and unwavering encouragement touched so many. Haley couldn't wait to take her greatest attributes to the Air Force and Law Enforcement after graduation as she knew without a doubt, her calling was to positively impact those around her. The family and friends of Haley are confident this scholarship will serve as ongoing encouragement to always give your all and never give up. May her beautiful legacy live on!

**"I Can Do All Things Through Christ Who Strengthens Me."  
(Philippians 4:13)**

*Haley Marie's Family and Friends*

# CAROLYN KILLION SCHOLARSHIP

The word “Legacy” is most often defined as something of value passed from one generation down to the next. For Carolyn Killion, her legacy transcends multiple generations and her gift of literacy and language skills helped hundreds, if not thousands of young minds be successful.

A 1962 graduate of Logansport High School, Carolyn attended Indiana State University, earning a bachelor’s degree in 1967 and a master’s degree in 1972. She also attended Indiana Wesleyan University earning

an additional thirty hours. As an educator for 40 years, she began teaching at Deacon, Pioneer, and Caston. She then went on to teach Latin and English at Logansport High School where she remained from 1970 until 2007.

Carolyn was a long-time board member of the Literacy Volunteers of Cass County and a dedicated mentor to students. In establishing the award, Literacy Volunteers shared, “Carolyn spent her entire career and retirement helping students with literacy

and language skills. Her time as a volunteer changed many lives and we are proud to honor her service in this way.”

## REMEMBERING...

# JUDGE RICK MAUGHMER FAMILY COMMUNITY FUND

It's hard to forget someone who gave so much to remember. Rick Maughmer saw his work as an opportunity to serve God and the people of Cass County, which is why the Judge Maughmer Fund was created. Rick was not ashamed or afraid to stand for the truth even when it was unpopular. He made decisions with fairness and focused on the best interests of all involved. His legacy of service to others and community is how the family wishes to remember and honor him.

Rick served in the United States Air Force for 37 years including both active duty and in the reserve capacity, retiring as a colonel. After he graduated from the University of Nebraska Law School, he seized the opportunity to return to Cass County, the place he called home. Rick felt honored to serve the citizens through his private practice,

as prosecutor, and finally as the Superior Court II Judge. Since his death on September 16, 2019, the countless stories told to the family has only confirmed his dedication to the citizens of Cass County. Many shared their personal encounters they had with Rick which

highlight his compassion, his fairness, and his generosity to those whom he was elected to serve. With the establishment of the Judge Maughmer Fund, the family desires to see his legacy live on through the opportunities provided to further develop and enhance Cass County.

## CASS COUNTY COMMUNITY FOUNDATION PROVIDES FIRST EVER RAPTOR SECURITY SYSTEMS COUNTYWIDE

What could be more important to our future than keeping our students and teachers safe? The answer to that question is what led the CCCF Board of Directors to action. The Board was deeply concerned about the growing violence in our young people's lives and keeping our students safe. Their conviction that the responsibility for school safety was not one dimensional but is the entire community's duty led to a project that had never been attempted before.

Deanna Crispin, CCCF president & CEO explained how the initiative began, "During a meeting of school superintendents and the community foundation to discuss other collaborative projects, Lewis Cass Superintendent, Dr. Tim Garland shared information about school security advancements and the Raptor systems. Dr. Garland's research sparked interest in the other administrators and the foundation. A Raptor presentation was arranged for the next week with the educators and other key community stakeholders to

8 • 2019 Annual Report

evaluate the Raptor products. The group was so impressed with the systems that the foundation sought a quote to provide the systems for all fourteen school buildings in Cass County. This number includes Caston, which physically resides in Fulton County but serves Cass County students. Due to the scope of the initiative, the foundation received a favorable quote and the communitywide effort was presented to the Cass County Community Foundation Board of Directors who unanimously approved the initiative with installation completed in the summer of 2019."

The idea of a countywide grant to supply the same equipment for all school buildings considerably different than in other communities where school districts rely on their individual approaches to school safety. According to Mo Mirpuri, Raptor Technologies, Cass County was the first countywide adoption of the Raptor Visitor and Emergency Management solutions in the company's history. Mirpuri was as

excited as the local group to see this process result in a countywide application.

Sheriff Ed Schroder said, "The system was a first step in developing a countywide response plan for any crisis on school grounds." He emphasized, "School safety is a top priority for every parent, police officer and school administrator. The leadership and guidance of the Cass County Community Foundation has provided a giant leap to improve the security of our schools while developing the relationships to bring all of us into common procedures and technology. During any incident, time is of the essence, and this technology will help streamline the response and coordination of an event."

Crispin concluded, "None of this would have happened without the willingness of those involved to make the time commitment to meet and share information and ideas. Our community is very blessed to have these dedicated leaders who are proactive and making Cass County a great place to raise kids."

## AT&T PROVIDES \$15,000 ASPIRE AWARD TO CASS COUNTY ROBOTICS

**A**T&T awarded \$15,000 to the Cass County Community Foundation to continue to support student robotics teams from our four area schools.

The robotics programs at Caston, Lewis Cass, Logansport and Pioneer have grown to the point that they have more students wanting to compete than they have resources. AT&T's Aspire funding helped address that challenge and was used to purchase additional competition equipment for the robotics teams.

Former State Senator Randy

Head nominated the local program for the Aspire award. He shared, "Robotics programs offer real solutions for truancy and delinquency and give students a sense pride and accomplishment. They even help keep kids on track to graduate and introduce them to STEM (science, technology, engineering, and math) careers that they may not have explored before. It's great to see AT&T supporting these efforts."

"The life skills, problem-solving and teamwork learned in robotics are an undeniable testimony to the value of these programs," said Cass County

Community Foundation President & CEO, Deanna Crispen. "As local interest in robotics continues to grow, this AT&T Aspire grant could not come at a better time."

"We are very excited about the opportunity to help the foundation continue to boost STEM-related efforts in this region," said AT&T Indiana President Bill Soards. "Our company has a long heritage of not only supporting communities, but also students. Working with the foundation allows us to bring those areas together in a unique and powerful way."

# RICHARD COPELAND

2019 RICHARD W. CASSIDY JR.  
“THANKS FOR GIVING” AWARD RECIPIENT

## **\$5,000 Grant to the Cass County Historical Society in honor of Copeland**

**A** renaissance man, mentor, historian, pianist, teacher, friend, devoted husband, father and volunteer; these are a few of the words used to describe Richard Copeland at the Cass County Community Foundation’s “Thanks for Giving” celebration, a donor and volunteer recognition event. The event was held to honor longtime Cass County resident, Richard Copeland for his unselfish generosity over a lifetime of volunteering to make Cass County a great place to live. In recognition of his uncommon achievements and outstanding

community volunteerism, Copeland received the Richard Cassidy Jr. “Thanks for Giving” Award.

The award is given to an individual or individuals, who through their unselfish and outstanding commitment of time, talent, and treasure, embodies the CCCF spirit of giving. When announcing the award, Deanna Crispen, CCCF president said, “Richard has spent his entire life along the banks of the Wabash, growing up in Posey County, going to college at Indiana State and teaching at Washington Elementary with the

river right outside his window. While he has lived many places, Logansport is home and where he has shared his incredible time, talents, and treasure. His passion and zest for life and our community are as strong today as they were when he started his teaching career here.”

Several testimonials were shared highlighting the impact of Copeland’s lifelong service and Mayor Dave Kitchell proclaimed November 1st as Richard Copeland Day in Logansport.

CCCF Board Chair Lucy Burns presented the crystal award to Copeland, pointing out that it is not awarded every year and that his name would be permanently displayed on the “Thanks for Giving Plaque at the CCCF office. In accepting the award, Copeland shared, “I didn’t do anything

for myself; I just did for those around me. My students were like my kids, and they still are my kids today. Eileen and I had the opportunity to travel all over the world but this home. I love

Logansport.”

As a final surprise for Copeland, Tim Rich CCCF grants chairman, announced he had tried to telegram and connect with several local historical figures from the past such as general John Wilkinson and General John Tipton to find one more way to honor Copeland. As the room filled with laughter, Rich announced the foundation was awarding a \$5,000 grant to the Cass County Historical Society in honor of Richard Copeland and his numerous contributions to the community.

# JACK KISER

## NAMED 2019 LILLY ENDOWMENT COMMUNITY SCHOLARSHIP RECIPIENT

**J**ust a few short days after leading his high school football team to a second straight State Championship, Jack Kiser had something new to celebrate when CCCF representatives arrived at Pioneer High School to announce he was the 2019 recipient of the Lilly Endowment Community Scholarship. Kiser, a senior at Pioneer High School will receive a full tuition, four-year scholarship as the Cass County Community Foundation 2019 Lilly Endowment Community Scholar. He will receive not only full tuition to the Indiana college of her choice but also a \$900 stipend each year for required books and equipment.

Jack is the son of Aaron and Deborah Kiser. He will attend Notre Dame University to pursue a degree in Business Analytics with a minor in Entrepreneurship & Marketing. His further aspirations include starting up his own business

and being able to live close to home to continue the family farm business.

Jack, while being known in the area as an outstanding football player and athlete, is just as accomplished and prolific in academics. Ranked first in class, Jack has received the high honor roll designation every semester throughout his high school career and is a member of National Honor Society. He has led his classmates as vice president three times and was elected president of his junior class. He is a member of student council, 4-H, and Pep Club. An outstanding athlete, Jack has participated in football and track at Pioneer where he has led the football team to two state championships, state runner-up, and Academic All-State Football.

Jack is the 10th recipient from Pioneer High School and the 38th Lilly Scholar for Cass County since the program began in 1998.

*Front Row: Mackenzie Campbell, Meagan Chan, Mia Loposser; Back Row: Jack Kiser, Isabel Newcom, Derek Bergstedt*

## 2019 LILLY ENDOWMENT COMMUNITY SCHOLARSHIP FINALISTS

Six outstanding high school seniors were named Lilly Finalists for 2018-2019 representing all four area high schools. Each year the Foundation provides scholarships for each finalist and hosts a banquet in their honor.

CCCF President Deanna Crispen stated, "Each year, we receive an outstanding pool of applications for the highly competitive award. These six accomplished young men and women are truly some of the best and brightest students residing in Cass County. The finalists were selected based solely on the criteria, which include academic ability, achievements, activities and citizenship; however, financial need is not a consideration in Cass County," said Crispen.
