2017 ANNUAL REPORT

Community Foundation

# Lives of Leadership, Love and Legacy

# Lives of Leadership, Love and Legacy

Community leadership is at the heart of every thriving community whether in the state of Indiana or any Smalltown, U.S.A. Communities that thrive require passionate local leaders who are committed to their community and its growth. It takes leaders who are able to galvanize others around new ideas, concepts, and ways to work together. Cass County has always been fortunate to have such local leaders who through their time, talent, and treasure, were tireless ambassadors for positive change.

As we reflect on the past, 2017 was a year when our community grieved the passing of several iconic community leaders who were outstanding donors, volunteers and role models of what leadership looks like in action. They were the volunteers who served on multiple boards, attend committee meetings and were the backbone of many organizations with little thought to their own sacrifice. We remember:

**Dick Rusk:** former CCCF board member and chairman, county commissioner, 4H leader

**Phyllis Kingery:** educator, fundraiser, and a tireless voice and advocate for not only CCCF but the non-profit community

**Nelson Becker:** veteran, legislator, activist, and thought leader

**Jack Chambers:** veteran, devoted businessman, farmer

**Judge Julian Ridlen:** advocate for children and families, educator, historian

**Jack and Rovena Ayers:** educators, and small community champions

The list of leaders we have lost is much longer than those few mentioned here and their legacies even longer. Their examples of servant leadership and personal sacrifice leave a shining pathway and a tremendous responsibility to the leaders who will follow them and carry on their hard work.

We are grateful for these leaders, their families, and their passionate giving back to our community. We promise to faithfully carry on their legacy and promote servant leadership and love of community.

# Proactive Grants

Proactive grants were made to support Cass County K-12 Robotics Teams and the first "Christmas in the Park"

# Cass County Arts Alliance Fund

The Cass County Arts Alliance is the successor to the Cass County Arts Council, which was founded in May of the year 2000. Our mission has been a constant through the years: to support the arts, in all their forms, in the communities of Cass County. Together with our partners—the Civic Players, Junior Civic Players, Logansport Art Association, and Performing Arts Council—we work to enrich the lives of our citizens through art, music, and theater. We exist purely through the efforts of our volunteer board, and by virtue of the benevolent donations of Cass County residents and businesses. As part of our mission, the Arts Alliance decided to invest a portion of our donations into a Community Foundation fund, so that long after our tenure on the board and on this earth are over, the fund's dividends can continue to benefit individuals and the arts.

# Jacob Graf Fund

Many people hear the name Jake Graf and only know him because of running but he was so much more. Even at a very young age it was clear to almost everyone how much potential he had in store.

I met Jake through running and we really didn't have that much in common when we would text. He was young, I was old. He was a runner in all sense of the word, and I just tried to run. He had an awesome sense of humor and only I think I am funny. But...what we did share was that we both stood firm and tall in our love for our country and the respect to our flag of the United States of America. We both were big on honor, respect and values, to our cores.

When we lost Jake, it seemed impossible. I often struggle most with mourning the loss of Jake's potential. In my eyes he was going to come and run an Ultra Marathon with me right after graduation, then be a Marine, a police officer, a Dr., win the Olympics, fly the space shuttle and probably single-handedly change the world. One problem, God didn't ask me for my plans. He had his own plans.

Jake's parents, family, and friends have chosen to honor Jake's spirit with a memorial scholarship. With this scholarship in Jake's memory we celebrate potential, not just to the kids that receive money to help with school, but the potential to change the world.

We hope that Jake's scholarship will be a building block to help the recipients reach the goals they have set for themselves in life, even if it is flying the space shuttle. But I hope even more that the impact of Jake's character helps those who receive the award to remember to always laugh and enjoy their friends; to have the courage to have their own morals and stand up for what they believe in; and never, ever, underestimate the power of a run.

# *Natalie Rhodes Gerhart Fund*

*N*atalie Rhodes Gerhart always knew she wanted to be a teacher, so after graduating from LHS in 1999 she began that quest at Indiana University. Her education was interrupted during her junior year when she was diagnosed with cancer. After a year & a half away from IU, she was determined to return to accomplish her goal of being an elementary teacher, which she did in 2005. She was able to teach for only 5 years due to a recurrence of the cancer which took her life in 2011.

Natalie loved her students & took an interest in their personal lives as well as their academic achievements. Many students still call her their favorite teacher. Many still post on FaceBook about times she helped them through difficulties in their lives & how they could confide in her. Some of her students have followed in her footsteps, citing her as the reason for wanting to teach. She impacted her students then & she continues to do so today.

It's our privilege to be able to award scholarships in her memory & continue to touch students in her name.

# 2017 Lilly Endowment Community Scholar

## CASSIA SCAGNOLI, 2017 LILLY ENDOWMENT COMMUNITY SCHOLAR

Christmas came a few days early for one Cass County student who quite possibly is still singing at the top of her lungs. Cassia Scagnoli, a senior at Logansport High School was selected to receive the full, four-year scholarship as the Cass County Community Foundation 2017 Lilly Endowment Community Scholar. She received not only full tuition to the Indiana college of her choice but also a \$900 stipend each year for required books and equipment.

Cassia is the daughter of Stephanie and Tony Scagnoli and attends Indiana University to pursue a degree in musical theatre. Her further aspirations include participating in vocal performance and eventually possibly directing or teaching.

Cassia has received many academic awards and honors and was ranked first in class at LHS pursuing an Academic Honors Diploma. She has received several awards including gold medals at ISSMA contests, Best Actress, Best Vocalist, State Thespian Awards, writing awards, and participated in the Indiana All-State Choir for nine years. Cassia was also honored to perform the National Anthem at Bankers Life Fieldhouse twice. Active in many high school clubs, she is most known for her roles in theatre productions including performances in Mary Poppins, Grease, The Music Man and most notably starred as Peter Pan in the musical Peter Pan.

Cassia will be the 19th recipient from Logansport High School and the 36th Lilly Scholar for Cass County since the program began in 1998.
